EXPERIENCE

Ontario Federation of Agriculture, Guelph — [Web Developer](#)

June 2023 - Present

- Developed and maintained dynamic websites and web applications, collaborating with cross-functional teams to ensure alignment with organizational goals, using JavaScript, HTML, CSS, and PHP.
- Led website updates and validation efforts, ensuring optimal user experience by testing across multiple browsers and devices, and resolving issues promptly to maintain high-quality standards.
- Demonstrated expertise in WordPress, JavaScript, HTML5, CSS3, and PHP, enhancing user engagement and functionality through custom code, while prioritizing security principles for E-commerce applications.

IT World Canada, Remote — [Digital Marketing Specialist](#)

May 2022 - November 2022

- Assisted in planning, building, deploying and maintaining several websites using WordPress (tagDiv Composer, Gutenberg) CMS and several event websites on multiple servers using HTML, CSS, Bootstrap, JavaScript, PHP, JQuery.
- Planned & executed project to refactor event website code to be templated for efficiency.
- Created and maintained HTML webforms and emails for marketing campaigns driving traffic for clients.
- Collaborated with multiple developers, PMO's and stakeholders regularly on projects and every day tasks using Slack and Google Suite.

Portfolio Projects — [Web Developer](#)

October 2021 - Present

- Portfolio Website: Created a responsive portfolio website using HTML, CSS and Bootstrap to display the projects I have worked on.
- Dice Game: Built a dice game that rolls two dice, generating a winner with each page refresh. This was made with HTML, CSS and JavaScript using the DOM API.
